

# SPOT AND STOP FRAUDSTERS

## Fraudsters target you in many ways:

- Cold-calling, scam mail/post, emails and texts
- Through pushy sales techniques e.g. demanding money up-front
- Over promising i.e. if it sounds too good to be true, it probably is

## You can protect yourself and help stop them by:

- Taking your time and saying no to offers if unsure
- Never sending money to claim a prize
- Protecting your personal information
